As a Certified Associate in Project Management (CAPM®), my foundation in management began as a sailor in the U.S. Navy where I developed robust leadership and problem-solving skills under high-pressure conditions. Today, as a Project Manager for Night District, I apply my extensive project management experience and knowledge of agile methodologies to lead cross-functional teams to innovate and deliver tech-driven solutions that dramatically enhance the nightlife experience for both venues and guests.

TECHNICAL SKILLS

Git / GitHub

Swift / SwiftUI

Dart / Flutter

C#

Adobe XD / Figma

EXPERIENCE

Night District, Louisville, KY— *Project Manager*

2021 - PRESENT

Leadership & Project Management

- Successfully led a cross-functional team of developers, designers, and marketers by employing SCRUM agile methodology, serving as both Scrum Master and Product Owner.
- Managed product and sprint backlogs to organize and prioritize tasks, ensuring accurate work forecasts and effective resource allocation for each sprint.
- Conducted sprint planning, daily stand-ups, and retrospectives to optimize team performance and deliver high-quality product iterations on schedule.

Strategic Planning & Product Development

- Served as the visionary behind Night District, shaping the company's direction by identifying industry pain points and opportunities for innovation in nightlife services.
- Translated the company's mission into a clear and actionable product vision, guiding the development of features that resonate with user needs and business goals.

- Communicated the product vision effectively to motivate and align cross-functional teams, fostering collaboration and a shared commitment to delivering exceptional results.

Front-end Development

- Spearheaded the design and development of the Night District guest application using Swift / SwiftUI, ensuring seamless user experiences across iOS devices. Focused on creating a sleek, modern, and user-friendly interface, integrating mobile drink ordering, geolocation, etc.

Black Rabbit Speakeasy, Louisville, KY— *General Manager*

August 2026 -PRESENT

- Lead daily floor and bar operations for a high-volume Louisville speakeasy, owning guest experience, staffing, and service standards across dining room, bar, and lounge.
- Managed front-of-house and bar teams using Toast POS for reservations, covers, labor tracking, and daily performance.
- Oversee beverage program direction and cocktail execution (menu consistency, bartender training, quality standards) while balancing labor cost against busy nightlife nights.

Derby City Pizza, Louisville, KY— *General Manager*

May 2025 - June 2026

- Planned and executed a beverage program project, coordinating recipe development, bartender training, and quality standards to successfully launch a 6-cocktail menu with consistent execution.
- Led daily floor operations for a high-volume franchise location, managing a team of 15+ employees across front-of-house and kitchen roles.

US Navy — *Culinary Specialist Second Class Petty Officer* (E-5)

July 2018 - October 2022

"A superstar and proven performer who excels in all endeavors. Has earned my strongest recommendation for immediate advancement..."

-LSC(SWC/EXW) Comer, J. G.

- **Proven Performer**: Earned the highest evaluation possible for

every period since 2019 in the US Navy

- **Culinary Expertise**: Managed a culinary team to prepare meals for over 250 personnel daily, demonstrating management skills and the ability to handle large-scale operations.
- **Team Leadership**: Proven leadership skills from managing a significant culinary team, ensuring timely and quality meals, highlighting my ability to lead and motivate teams effectively.
- **Resilience Under Pressure**: As a trained surface rescue swimmer in the Navy, I've honed the ability to remain composed and make critical decisions in high-pressure, dangerous environments, ensuring unwavering professionalism and effectiveness in challenging situations.

Marriott Oceanfront, Virginia Beach, VA— *Bartender*

July 2022 - April 2023

- **Interpersonal Skills**: Honed exceptional interpersonal skills, building rapport with patrons from diverse backgrounds, resolving conflicts with poise, and fostering a welcoming environment that ensured repeat business and loyal clientele.

EDUCATION

Project Management Institute

- **Certified Associate in Project Management (CAPM)**: Attained CAPM certification, demonstrating a strong foundation in key project management processes and methodologies as per PMBOK® guidelines, commitment to professional growth, and proficiency in managing complex projects efficiently.
- **PMI The Basics of Scrum Certification:** Validates knowledge of Agile and Scrum fundamentals, including roles, events, artifacts, and iterative delivery.
- **Pursuing Project Management Professional (PMP) Certification**: Focused on mastering advanced project management techniques, leadership skills, and agile frameworks to drive organizational success.

University of Louisville, Louisville, KY
